# COOKIES/SESSIONS POLICY

*Effective since March 2025*

## 1. INTRODUCTION

We use technologies on our Online Platform (the "Platform") to collect information that helps us improve your online experience. In this Cookies/Sessions Policy, we refer to these technologies, which, for this "Platform", include Sessions, which are created during a user's use of the "Platform". We reserve the right to change this Policy at any time. Check at the top of this page to see when this Policy is effective. Any changes to this Policy will take effect once the revised Policy is made available on the "Platform". By accessing the "Platform" you agree to the use of Cookies/Sessions as described below to enable you to use the "Platform". We hope that this policy helps you to understand and feel more confident about our use of cookies. If you have any further questions, please contact us at [sales@seacircle.eu](mailto:sales@seacircle.eu)

## 2. WHAT ARE "SESSIONS"

Sessions are memory locations that store your information for the proper functioning of the "Platform". Sessions are not kept on your computer and are deleted when you close the internet browser with which you have logged in to the "Platform". Sessions are mandatory and the "Platform" cannot function without their creation.

## 3. HOW ARE SESSIONS USED

Sessions give us meaningful information about the user who has logged into the "Platform" and allow us to provide more accurate "Platform" features and presentations. All of these features help us to improve your visit to our Platform.
